BEVERAGE MENU

Our passion for helping you feel good about what you eat is at the heart of everything we do. Our flavor-first menu is thoughtfully-sourced using nutrient-rich ingredients from local farms and a pecan-fired grill to bring you fresh, craveable meals that nourish and boost the mind and the body. Our chefs have reimagined southern heritage classics with a fresh, lighter touch creating depth, smoke and soul. Pecan also celebrates the hands that grow and craft our ingredients — the local farmers, ranchers, fishers, and artisans whose care makes our menu possible — so we can prepare them for you with a touch of warm southern hospitality.

This is our passion. Our fire.
